

2nd

VERTIGYŐR

4-5. November 2019.

**Hotel Konferencia
Győr,
Hungary**

SECOND ANNOUNCEMENT

Dear Colleagues and Friends,

I would like to invite you to the 2nd VERTIGYŐR congress, which will take place on 4-5th November 2019 in Győr, Hungary. It is a great pleasure to announce it as an international congress for the first time.

The participants of this event can update their knowledge with new informations on the physiological function of the vestibular system. Furthermore, they can also hear about long forgotten works of important vestibular researchers. We place a special emphasis on the emergency care of dizziness. Bedside otoneurological examination methods with and without equipment and the medical, surgical and the physiotherapy of dizziness will all be important features of our congress.

This event will be held in the historical city centre of Győr, (located between Bratislava, Budapest and Vienna) where in the labyrinth of the small streets not only cultural but culinary experiences will await the attendees.

Last but not least, I would like to invite you with the words of our guest of honour, professor David Zee: „Let’s make nystagmus great again!”
See you in Hungary!

Dr. László T. Tamás
Chairman of the congress

ORGANIZING AND SCIENTIFIC COMMITTEE

Dr. László T. Tamás

Dr. Tamás Tompos

Aladar Petz County Hospital, Győr, Hungary

KEY TOPICS OF THE CONGRESS

Vestibular physiology (and historical outlook)

Emergency care of dizziness

Physical and instrumental otoneurological examinations

Therapy of dizziness

ACCREDITATION

Accreditation for Hungarian Healthcare Professionals

Credit points: 12 points

Mandatory choosable of the following professions:

- neurology,
- ear, nose and throat medicine,
 - emergency medicine,
 - audiology.

INVITED SPEAKERS

Béla Büki
(Austria, Krems)

David Samuel Zee
(Baltimore)

Dusan Pavlovic
(Belgrade)

Yoav Gimmon
(Jerusalem)

Beáta Bencsik

Attila Fehér

Kinga Harmat

János Jarabin

Andrea Mike

Ágnes Szirmai

Tamás Tompos

SCIENTIFIC PROGRAM

04 November 2019 – Monday

- 08.30 – 16.00 Registration
- 09.30 – 09.35 Opening of the congress
- 09.35 – 12.15 VESTIBULAR PHYSIOLOGY (AND HISTORICAL OUTLOOK)
- 09.35 – 10.20 A video tutorial on nystagmus
Prof. Dr. David S. Zee
- 10.20 – 11.00 Physiological bases and the pathophysiology of vertigo
Dr. Béla Büki PhD
- 11.00 – 11.15 Coffee break
- 11.15 – 11.45 Independent neural control networks for human vestibulo-ocular reflex
Dr. Yoav Gimmon, PhD
- 11.45 – 12.15 Research of the vestibulo-ocular reflex: Hungarian relations
Dr. László T. Tamás
- 12.15 – 14.00 Lunch
- 14.00 – 16.20 DIZZINESS AS EMERGENCY
- 14.00 – 14.40 The dreaded phone call: what to do when my patient with acute vertigo calls me early in the morning
Prof. Dr. David S. Zee
- 14.40 – 15.00 The role of inflammation in connection with the diseases of temporal bone
Dr. Béla Büki PhD

**15.00 – 15.20 Acute one-sided peripheral cochleovestibular lesions
(Ménière and friends)**
Dr. Ágnes Szirmai PhD

**15.20 – 15.40 Acute one-sided central cochleovestibular lesions
(AICA stroke and friends)**
Dr. Andrea Mike PhD

**15.40 – 16.00 Roundtable
Dizziness as emergency**
David Zee, Béla Büki, Andrea Mike, Ágnes Szirmai

Moderator: László T. Tamás

16.20 – 16.40 Sponsored lecture

19.00 Banquet

05 November 2019 – Tuesday

**09.00 – 11.30 OTONEUROLOGICAL EXAMINATIONS WITH AND
WITHOUT INSTRUMENTS**

**09.00 – 09.40 When does new technology help: the clinical exam
(and the 19th century masters) remain the gold standard**
Prof. Dr. David S. Zee

09.40 – 10.00 New achievements in vestibular diagnostics
Dr. Dusan Pavlovic

10.00 – 10.20 VEMPs in neurotology today
Dr. Dusan Pavlovic

**10.20 – 10.40 A novel device for quick quantification of binocular mis
alignment without recording eyemovements.**
Dr. Yoav Gimmon PhD

- 10.40 – 11.00 Pre-and postoperative vestibular tests in patients with cochlear implantation**
Dr. János Jarabin PhD
- 11.00 – 11.30 Roundtable Otoneurological examinations with and without instruments**
David Zee, Yoav Gimmon, János Jarabin, Dusan Pavlovic

Moderator: László T. Tamás
- 11.30 – 12.45 Sponsored lecture**
- 12.50 – 14.00 Lunch
- 14.00 – 15.30 THERAPY OF DIZZINESS**
- 14.00 – 14.20 Rehabilitation-new methods**
Dr. Yoav Gimmon PhD
- 14.20 – 14.40 Microsurgical challenges in neurootology**
Dr. Tamás Tompos PhD
- 14.40 – 15.00 Medication therapy of acute and chronic dizziness**
Dr. Beáta Bencsik PhD
- 15.00 – 15.20 Therapy of positional vertigo: our experience**
Dr. Kinga Harmat
- 15.20 – 15.30 Surgical therapy of Superior Canal Dehiscence Syndrome**
Dr. Attila Fehér
- 15.30 – 15.50 Sponsored lecture**
- 16.00 Conclusion and closing of the congress**

VENUE OF THE CONGRESS

Hotel Konferencia

Apor Vilmos püspök square 3., Győr, Hungary

Hotel Konferencia waits for you in the heart of Győr. Káptalan Hill is one of the oldest part of the town, you can find here the cathedral, the bishop's residence and the venue of the congress. The unique location offers a quiet, historical milieu, surrounded by the buildings of the baroque quarter, while you can walk to the, main street, shops, casinos, bars and clubs in the city after a two minute walk.

About Győr

Győr is the most important city of northwest Hungary, the capital of Győr-Ménfőcsanak-Sopron County and Western Transdanubia region, and - halfway between Budapest and Vienna - situated on one of the important roads of Central Europe. The city is the sixth-largest in Hungary, and one of the seven main regional centres of the country.

REGISTRATION FEE (IN HUF INCLUDING VAT)

For participant: 40 000 HUF

Please note that the registration fees are indicated in HUF (Hungarian forints), and include the 27% VAT.

Invoices are issued in HUF (Hungarian forints), the official currency of Hungary. If you need an invoice issued in EUR, please indicate this at the time your register.

In this case, the HUF amount will be converted to EUR using the official exchange rate of the Hungarian National Bank (MNB) in effect on the date of the invoice.

The current exchange rate is available by clicking on the following link:

<https://www.mnb.hu/en/arfolyam-lekerdezes>

The registration fees include certain elements that are not considered under Hungarian provisions of law as non-wage benefits, after which the economic operator who is the payer of the invoice is required to pay taxes. The amount of such taxes is HUF 7 450/person/day (including VAT) in 2019.

The registration fee includes:

- entrance to the professional program, receiving the congress programme booklet,
 - visiting the exhibition;
- the cost of the lunch on 4 November and
 - the coffee breaks.
